Your Day, Your Way

Quay Arts is a beautiful Grade II listed Victorian building, with plenty of historic charm mixed with a contemporary feel to provide you with a practical and alternative setting for your wedding. As an arts venue, we pride ourselves on providing an outlet for creativity and we welcome you to have 'your day, your way'.

We can recommend a range of Isle of Wight suppliers to you, who can support with decorations, flowers, music and live entertainment and all essential detail to make your big day extra special.

Private parties and receptions are welcome in our characterful arts café, and we can offer a wide range of catering options. Our friendly front of house team will be here to serve you throughout the day.

By choosing to hire Quay Arts, you are directly supporting the creative industries on the Isle of Wight. As a registered charity, all profits from our wedding and venue hire income directly supports our artistic and education programmes.

Make your booking

Once you have established the date that you would like for your service, please get in touch to discuss our availability (weddings@quayarts.org).

You will then need to contact the Isle of Wight Register Office to make a booking for a Registrar to attend your ceremony. Once you have received confirmation that a registrar can attend on the provisional date, please complete a Quay Arts Booking Form and return it to us with the deposit.

Insurance

Insurance does not hold the same romance as choosing flowers, rings or a dress, however, to ensure that you are covered for the unexpected, we strongly recommend that you take out insurance cover as soon as you put a deposit down for the event.

Music for the service

Music at the beginning of the service is permitted, providing it is secular. Please ensure the Registrar knows and has approved your music choice.

A massive thank you to the Quay Arts for making our big day that much more special! I couldn't have chosen a better venue; amazing staff, perfect atmosphere and beautiful food!
